Subject: Helicopteres Helicarrier & Capitale Helicopters Visit
Importance: High

All – I will be visiting Helicopterers Helicarrier with Jackson on Thursday. We'll try to figure out what's wrong with their recently purchased basket. I plan on leaving from DART at 7:30 AM on Thursday. I will be needing a D350-607-541 Basket (Linda is already aware of this). The basket should be loaded into the DART truck along with the following for Capitale Helicopteres:

Linda/Mel – As discussed, please proceed with manufacturing of qty(3) D3022-1 Seat Pans. Manufacture from 0.040" 2024T3 sheet in lieu of 0.032" and communicate the W/O's B/N to Customer Support for the no charge PO. ChrisP or Alex to sign off on the W/O. Jackson and I will be delivering the parts directly to Capitale Helicopteres; please have them packaged and ready in DART truck by end of day tomorrow.

Sian – Can you please take care of the no charge PO for Capitale? Case 7812.

Weird. Probably makes sense to increase to 0.040" thick as a deviation for these 3 seats and see how it goes. Need to make sure the holes are properly deburred.

Regards,
David

Importance: High

Hi David,

Our D3022-1 drawing specifies 0.032". Would it make sense to go one gauge number thicker (0.040")? Or should we simply replace their seat pans with blank D3022-1 to 0.032" thickness?

I am to visit Hélicoptères Helicarrier with Jackson on Thursday and we could be dropping the replacements at the same time.

Marc

There're few more pictures of cracks. Do you have more information for us at this time?

Hi Guillaume,

Thanks for the photos.

Currently reviewing them. Hope to get back to you within the next 2 working days.

Regards,

Marc Bellavance
